

Sulzer parts box

The Sulzer parts box is the answer to managing risk. Sulzer as a leading provider of OEM quality parts for pumps offers the Sulzer parts box as your spare parts solution for all pump ranges related to power generation. It contains a complete set of parts to repair critical equipment and return it back to service in the shortest amount of time.

The Sulzer parts box

- Maximize plant uptime and preserve revenue
- Decrease downtime and minimize costs

Increased plant/unit availability:

- OEM design and quality for optimal performance
- Greater interchangeability
- Immediate pump overhaul

Reduce inventory costs:

- Flexibility to use only those components needed
- Easily identify and replenish components
- Critical items are safe, secure and stored locally

Reduce maintenance costs:

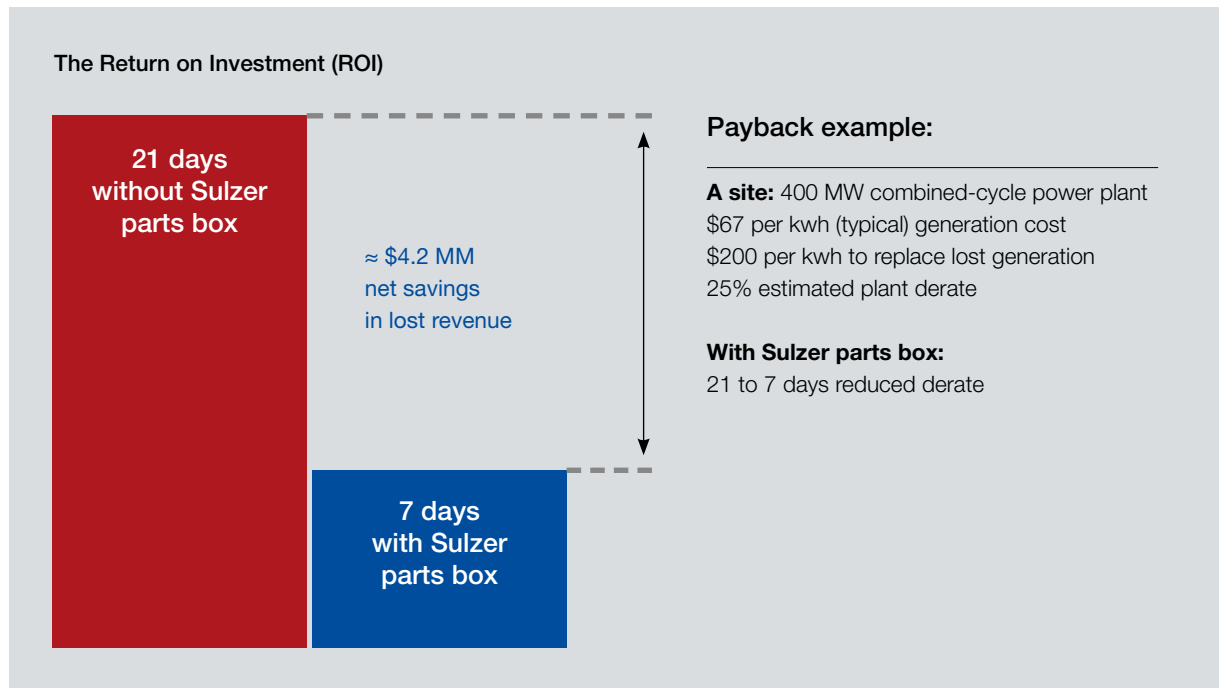

- Organized, contained and controlled set of parts for specific pump and/or set of pumps
- Reduce repair cycle time
- Reduce expediting fees

Sulzer parts box standard features:

- Easy to transport
- Crane and forklift ready
- Heavy steel construction
- Serialized
- Stenciled with pump model, size, tag number and serial number
- Solid wood trays with compartments sized for each part
- Heavy duty gas cylinders to ease lid opening
- Heavy duty latches and lock
- Detailed documentation contained inside
- All parts are clearly marked, tagged and wrapped
- 100% QA/QC inspected

Your benefit from Sulzer parts box:

“Isn’t it about time you called Sulzer for your parts box solution?”
